

*Leadership for Waltham!*

***Stanley***

**Better planning  
is the answer to  
Waltham's challenges.**

**[www.tomstanley.org](http://www.tomstanley.org)**

*Paid for by the Stanley committee.*

Tom Stanley is committed to building a better Waltham. Tom sees things that are broken in local government and wants to improve them.

### *ON TRAFFIC:*

Tom will insist that the long-awaited Master Traffic Plan be funded rather than sit on the shelf. Waltham has a unique opportunity to improve traffic flow at one of the most dangerous intersections in the city at Piety Corner. By utilizing all of the property bought at 380 Lexington street we can create a more efficient and safe intersection.

### *ON SITING A NEW HIGH SCHOOL:*

Tom understands that planning for Waltham's future needs requires foresight. We need to provide options to avoid unnecessary stress and division in our community. That's why he argued and voted against purchasing the Fernald land with Community Preservation Act (CPA) funds just 2 1/2 years ago. Using CPA funding excludes educational buildings for use on the majority of the property.

### *ON THE FERNALD PROPERTY:*

For years Tom envisioned and fought for a professionally managed reuse process based on community participation. As councilor he will continue his push for a comprehensive community-driven reuse process.

**Vote for Tom Stanley and bring thoughtful planning, vision and passion to city hall so we can tackle challenges head on and propel us forward toward workable solutions.**
