Planned Parenthood Advocacy Fund of Massachusetts, Inc.

June 22, 2016

Dear Representative Stanley,

Congratulations! The Planned Parenthood Advocacy Fund (PPAF) has endorsed your candidacy for re-election to the Massachusetts House of Representatives. You have demonstrated strong support for policies that protect and expand access to sexual and reproductive health information and services, and we are pleased to support you. PPAF is grateful for your continued partnership at the State House and looks forward to continuing that partnership in the years to come.

The mission of Planned Parenthood League of Massachusetts (PPLM) is to protect and promote sexual and reproductive health and sexuality education by providing clinical services, education and advocacy. PPLM's programs and services include clinical services at seven health centers across the state, sexuality education for youth, parents, and professionals, and the Sexual Health Counseling and Referral Hotline. The entity endorsing your campaign, PPAF, supports the essential services provided by PPLM and works within the political process to increase access to sexual and reproductive healthcare and comprehensive sexuality education.

We encourage you to publicize our endorsement as you feel is appropriate. To ensure that PPLM retains its non-profit status, it is essential that you identify your endorsement as being made by the Planned Parenthood Advocacy Fund, not PPLM. We are happy to provide an approved logo and/or photo for your use or to provide guidance on using the PPAF logo or name. The Advocacy Fund will notify our members in your district about this endorsement. We will be in touch with your campaign in the near future to determine what resources we may offer to further boost your candidacy.

Please do not hesitate to contact me at 617-629-8613 or mfalcone@pplm.org if there is anything we can do to assist with your campaign.

Sincerely,

A handwritten signature in blue ink that reads 'M. Falcone'.

Michael Falcone
Director of Public Affairs
